★★★★☆ 4.8 out of 5

Language : French

Paperback : 286 pages

Item Weight : 13.7 ounces

Dimensions : 6 x 0.64 x 9 inches

By [Author's Name]

This book provides a comprehensive and up-to-date overview of the economic development of the United States, from the colonial era to the present day. It draws on the latest scholarship to provide a fresh and insightful perspective on the key factors that have shaped the American economy.

The book is divided into three parts. The first part covers the colonial era and the early republic. It examines the economic foundations of the American colonies, the impact of the Revolution, and the development of the national economy in the early 19th century.

The second part of the book covers the period from the Civil War to the Great Depression. It examines the rise of industrialization, the

transformation of the agricultural sector, the growth of cities, and the emergence of the United States as a global economic power.

The third part of the book covers the period from the Great Depression to the present day. It examines the impact of the New Deal, the Second World War, the Cold War, and the globalization of the economy. It also discusses the challenges facing the American economy in the 21st century.

This book is an essential resource for anyone interested in the economic history of the United States. It is a valuable addition to the libraries of scholars, students, and policymakers.

Reviews

"A masterful synthesis of the latest scholarship on American economic development. This book is a must-read for anyone interested in the history of the United States." - **[Review by a leading economic historian]**

"A clear and concise overview of the economic development of the United States. This book is an excellent resource for students and policymakers." - **[Review by a professor of economics]**
