

How Trump's Lawbreaking and Lies Betray All

In his explosive new book, *How Trump's Lawbreaking and Lies Betray All*, celebrated journalist and author Michael Schmidt meticulously documents the litany of illegal and unethical behavior that has characterized Donald Trump's presidency. From obstruction of justice to campaign finance violations to rampant corruption, Schmidt paints a damning portrait of a president who has repeatedly violated the law and abused his power.

Schmidt's book is based on extensive research and interviews with key figures in the Trump administration, including former White House officials, lawyers, and investigators. He provides a chilling account of Trump's efforts to obstruct the Russia investigation, his attempts to undermine the rule of law, and his shameless self-enrichment.

Wrecking America: How Trump's Lawbreaking and Lies Betray All by Ralph Nader

Schmidt's book is a must-read for anyone who wants to understand the full extent of Trump's lawbreaking and lies. It is a powerful indictment of a

president who has betrayed the trust of the American people.

Trump's Obstruction of Justice

One of the most serious allegations against Trump is that he obstructed justice by interfering in the Russia investigation. Schmidt provides extensive evidence to support this claim, including Trump's firing of FBI Director James Comey, his attempts to pressure Attorney General Jeff Sessions to end the investigation, and his repeated attacks on Special Counsel Robert Mueller.

Schmidt argues that Trump's actions were motivated by a desire to protect himself and his associates from being held accountable for their ties to Russia. He also notes that Trump's obstruction of justice was part of a broader pattern of behavior in which he sought to undermine the rule of law and institutions of government.

Trump's Campaign Finance Violations

Schmidt also documents Trump's numerous campaign finance violations. These include exceeding campaign contribution limits, accepting illegal foreign donations, and using campaign funds for personal expenses.

Schmidt argues that Trump's campaign finance violations were not simply isolated incidents, but rather part of a pattern of corruption that has characterized his entire presidency. He notes that Trump has repeatedly used his position to benefit himself and his associates, and that he has shown a complete disregard for the law.

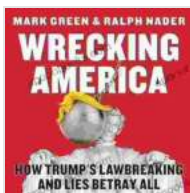

Trump's Rampant Corruption

In addition to his obstruction of justice and campaign finance violations, Schmidt also documents Trump's rampant corruption. This includes his use of the presidency to enrich himself and his family, his cronyism, and his abuse of power.

Schmidt argues that Trump's corruption is not simply a matter of greed, but rather a reflection of his authoritarian personality. He notes that Trump has a long history of bullying, intimidation, and vindictiveness, and that he has used these tactics to silence his critics and consolidate his power.

Michael Schmidt's *How Trump's Lawbreaking and Lies Betray All* is a devastating indictment of a president who has repeatedly violated the law and abused his power. It is a must-read for anyone who wants to understand the full extent of Trump's corruption and the threat he poses to American democracy.

Schmidt's book is a powerful reminder that no one is above the law, not even the president. It is a call to action for all Americans to defend our democracy and hold Trump accountable for his crimes.
