In *Mistress Constancy: The Armillary Sphere Story of Lady Jane Rochford*, author Emma Sinclair-Webb brings Jane's remarkable story to life. Through Jane's eyes, we witness the rise and fall of queens, the treacherous machinations of courtiers, and the dangers faced by women who dared to challenge the status quo.

Born into a noble family in the early 16th century, Jane Rochford was a woman of intelligence, wit, and beauty. She was educated at the prestigious Syon Abbey, where she excelled in her studies and developed a love of learning. In her early twenties, Jane became a lady-in-waiting to Queen Anne Boleyn, her cousin and close friend. Anne was a woman of great ambition and determination, and Jane was fiercely loyal to her.

When Anne Boleyn fell from favor and was executed for treason, Jane was devastated. She was falsely accused of adultery with Queen Catherine Howard, Anne's successor, and imprisoned in the Tower of London. For months, Jane endured torture and interrogation, but she refused to betray her friends or implicate herself in any wrongdoing.

In the end, Jane Rochford was condemned to death and beheaded on Tower Green on February 13, 1542. She died with dignity and courage, a martyr to her own principles. Her story is a reminder of the dangers faced by women in the Tudor court, and the importance of courage, loyalty, and unwavering belief in oneself.
