About the Book

Race Lessons is an essential guide for social studies educators who want to create classrooms that are equitable and inclusive for all students. The book provides a framework for understanding the role of race in education and offers practical strategies for teaching about race in a way that is both accurate and engaging.

The authors, Karla O'Connor and Joe Feagin, are leading experts in the field of race and education. They draw on their years of research and experience to provide a comprehensive and accessible guide to teaching about race in social studies.

Race Lessons is divided into three parts. The first part provides an overview of the history of race and racism in the United States. The second part examines the role of race in education, including how race affects students' experiences in school and how teachers can create more equitable classrooms.

The third part of the book offers practical strategies for teaching about race in social studies. The authors provide guidance on how to choose appropriate materials, how to facilitate discussions about race, and how to respond to student questions about race.

Why Read This Book?

Race Lessons is an essential read for any social studies educator who wants to create a classroom that is equitable and inclusive for all students. The book provides a wealth of information and resources on the history of race and racism, the role of race in education, and practical strategies for teaching about race in a way that is both accurate and engaging.

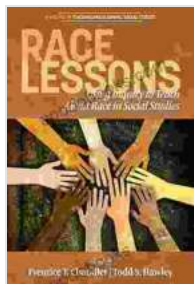

If you are a social studies educator who is committed to creating a more just and equitable world, then you need to read Race Lessons.
