The book is divided into three parts. Part One provides an overview of the field of global education, including the history of global education, the different types of global education programs, and the benefits of global education for both students and teachers.

Part Two provides practical tips and strategies for teaching English language learners. The book covers a wide range of topics, including how to assess students' language skills, how to develop lesson plans that are appropriate for English language learners, and how to use technology to support English language teaching.

Part Three provides insights into the challenges and rewards of teaching globally. The book discusses the challenges of teaching in a different culture, the rewards of teaching in a global context, and the ways that teachers can prepare for teaching globally.

Teaching Globally is an essential resource for any educator who is interested in teaching English in a global context. The book provides practical tips and strategies for teaching English language learners, as well as insights into the challenges and rewards of teaching globally.
