For decades, proponents of school choice have argued that it is the key to improving education in America. They claim that school choice gives parents more options and that competition from private schools will force public schools to improve. But the evidence simply does not support these claims.

In The School Choice Hoax, authors John Oliver and Sarah Sunshine expose the real agenda behind school choice: to privatize public education and destroy the public school system. They show how school choice has been used to funnel taxpayer money into private schools, often at the

expense of public schools. They also show how school choice has led to increased segregation and inequality in education.

The School Choice Hoax is a must-read for anyone who cares about the future of public education in America. It is a powerful indictment of the school choice movement and a call to action to defend our public schools.

Praise for The School Choice Hoax

"The School Choice Hoax is a tour de force. Oliver and Sunshine provide a devastating indictment of the school choice movement, showing how it has been used to privatize public education and destroy the public school system. This book is a must-read for anyone who cares about the future of public education in America."—Diane Ravitch, author of *The Death and Life of the Great American School System*

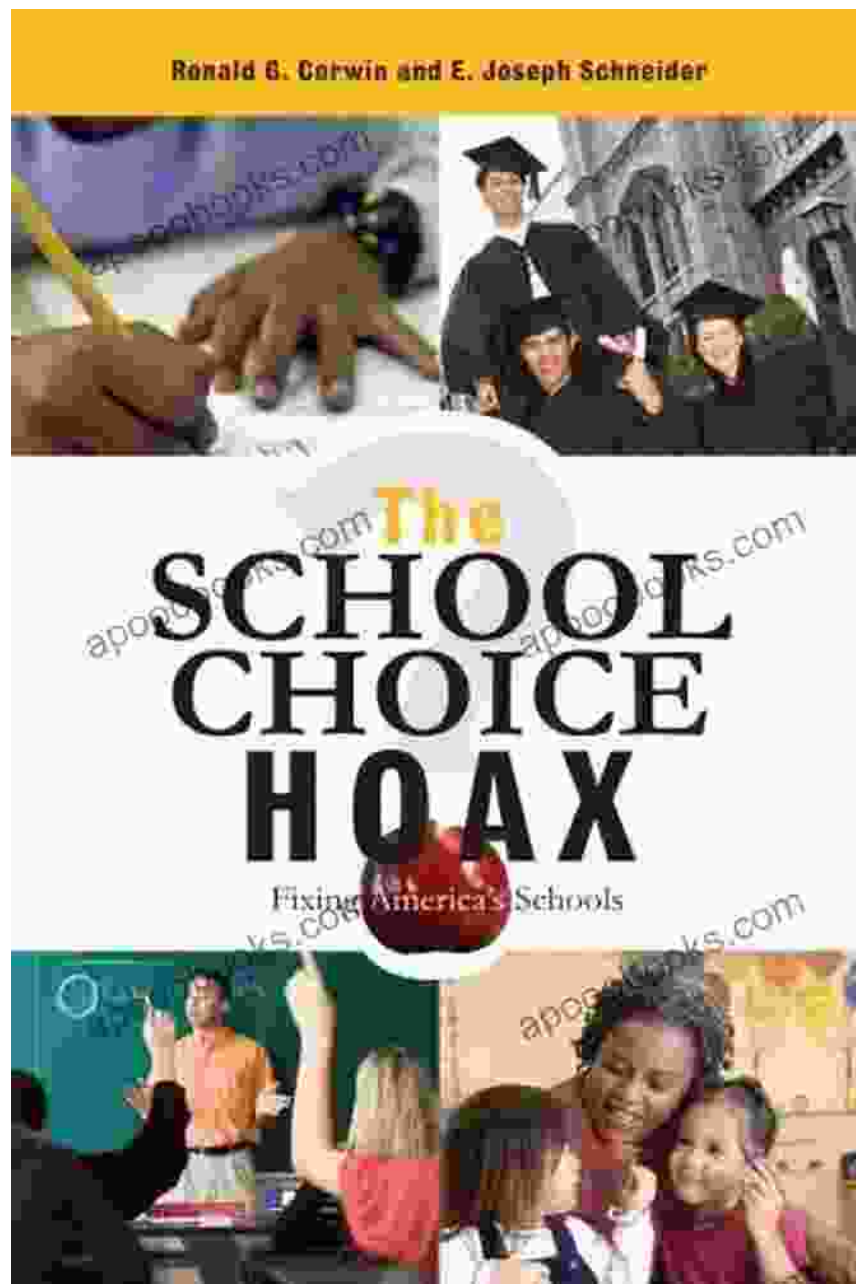

"The School Choice Hoax is a powerful and important book. Oliver and Sunshine expose the real agenda behind school choice: to privatize public education and destroy the public school system. This book is a must-read for anyone who wants to understand the threats facing public education today."—Randi Weingarten, president of the American Federation of Teachers

About the Authors

John Oliver is a comedian, writer, and political commentator. He is the host of the HBO show *Last Week Tonight with John Oliver*. Sarah Sunshine is a journalist and education activist. She is the founder of the website *Education Post*.
